### **Mock Results and future assessment queries**

There are still many unknowns for students, parents and staff regarding summer assessment, however it undoubtedly remains hugely important that students continue to work diligently and use mock exam feedback to help direct preparation for any future assessments. At the moment, we are planning for students to have another mock window prior to Easter and then a final assessment window in the summer term. However, these plans are very much subject to any Covid restrictions in place beyond half term and may yet change when a decision is made on exactly what will replace summer exams. The national consultation on this closes at the end of January, therefore it can be hoped there will be greater clarity later this half term. For the time being however, we can definitively state that:-

**current grades and/or projected grades will not automatically be submitted as ‘teacher assessed grades’.**

Thank you for your ongoing support in developing excellent student engagement with online learning. We hope you find the progress evening a useful and enjoyable opportunity to review progress in Term 1 and to address areas for development with your child’s teachers.

Yours sincerely
